Deakin University Candidature Conditions

In accepting this offer of candidature, you are also agreeing to the following candidature conditions:

- a) It is essential that you set up and frequently check your Deakin student email address as the University communicates important information to Higher Degrees by Research (HDR) candidates via email. If you wish to use a private email address you will need to forward your Deakin student account to your preferred account.
- b) The resources and facilities (including space allocation, where applicable) available to HDR candidates are determined by individual faculties and/or schools. If you would like further information or to confirm details of the resources and facilities provided to you, please contact your Faculty Research Administrator prior to accepting this offer.
- c) A Candidature Agreement between you and the University to clarify details of your candidature must be signed within the first few months of candidature. If the agreement is not returned by the set deadline, this could constitute grounds for exclusion from candidature. It is your responsibility to discuss your Candidature Agreement with your supervisor as soon as you receive notification that it is awaiting completion.
- d) Intermission from studies will not be approved in the first year of candidature (or two years for distance candidates) except in exceptional circumstances. You will need to manage your candidature, including the use of intermission of enrolment, if there are factors that limit the time available for your studies.
- e) All HDR candidates are required to complete an Annual Review of progress which is conducted on-line (please note that alternative modes of completion are offered for candidates with disabilities). Re-enrolment is dependent upon completion of the review within the specified timeframe and on satisfactory progress.
- f) All doctoral candidates are provisional candidates for their first year full time (or 1.5 years if part-time). All Masters level candidates are provisional candidates for their six months full time (or one year if part-time). They must be formally approved for full candidature by receiving a satisfactory report from their Faculty for their confirmation, in order to continue with their enrolment after this time.
- g) All research needs to be conducted in accordance with the *Australian Code for Responsible Conduct in Research* (the Code), and must be compliant with all legal requirements and policies. All candidates must participate in a training workshop on Research Integrity prior to confirmation of candidature.
- h) If there are any changes to your contact details, you must immediately inform Deakin Research or your Faculty Research Administrator. Condition 8533 of your student visa requires that you update the University

with your current residential address in Australia within 7 days of arriving in Australia or within 7 days of any change in your address.

- i) The Regulation and Procedures governing higher degrees by research undertaken at Deakin University are contained in the Guide to Candidature: Higher Degrees by Research. Any updates and additions will be added to the web version available on the Deakin Research website <http://www.deakin.edu.au/research/admin/>. Any changes in the terms of your candidature (e.g., change in enrolment mode from full-time to part-time, on campus to off campus, intermission of candidature, extension, etc.) must be approved by the Chair, Research and Research Training Committee.
